

TASKS

SESSION FOUR

About Me App

- **Main Activity:**

Create a MainActivity using constraint layout with a simple UI that displays:

- Your name.
- A short description about yourself.

- **Activity Lifecycle:**

- Override **(all)** lifecycle methods in MainActivity.
- Add Logging statements in each lifecycle method to track the flow of the app.

Linear Layout Design

- Design a simple Android UI using a LinearLayout to arrange views. The layout should include colored views with specific labels.
